Mum's the word

Hillier's has launched a range of soufflé-style chocolates in time for Mother's Day that are inspired by traditional home cooking.

The range is available in 168g packs in three different flavours and retails for \$9.95. Variants include crème brûlée, sticky date and lemon meringue.

Hillier's chocolates are stocked in David Jones, Myer and other selected retailers. Founded by Ernest Hillier, Hillier's was the first chocolate company established in Australia and has proudly maintained its Australian-made and -owned legacy.
